GARMIN®

Naviguez en toute confiance

Notre cartographie marine exclusive intègre les données détaillées des cartes officielles fournies par les organismes océanographiques nationaux ainsi que d'autres de sources privées. Vous pouvez ainsi visualiser avec précision la position précise de votre bateau sur la carte, avec un affichage clair des aides à la navigation, des zones d'accès réglementées, des zones de pêche et de mouillage, des plans des ports, des obstacles à la navigation, des points de sondes et plus encore. Ces cartes couvrent l'ensemble du Globe, dans différentes tailles de découpages compatibles avec les écrans multifonctions, lecteurs de cartes, combinés GPS et GPS portables Garmin.

BlueChart® g2 HD

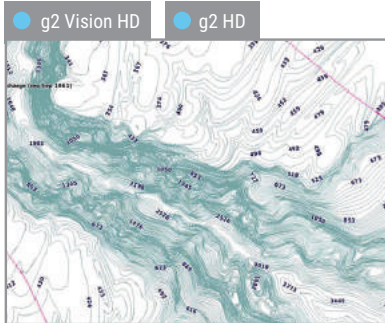

Les cartes de navigation Bluechart g2 HD couvrent l'ensemble du Globe. Elles reprennent l'ensemble des informations détaillées provenant des cartes officielles au format vectoriel pour une lecture facilitée à toutes les échelles de zoom.

BlueChart® g2 Vision® HD

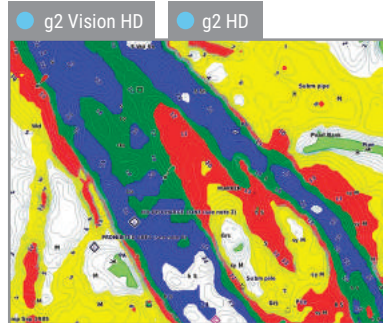

Le portefeuille de cartes BlueChart g2 Vision HD est l'offre cartographique premium de Garmin. Les cartes BlueChart g2 Vision reprennent l'ensemble des informations détaillées des cartes BlueChart g2 avec des fonctionnalités supplémentaires telles que les vues 3D aérienne et sous-marine ainsi que la technologie brevetée exclusive d'Autoguidage.

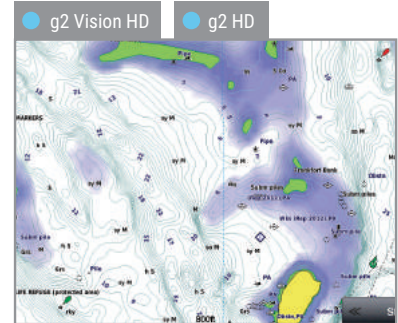

Fonctionnalités BlueChart®

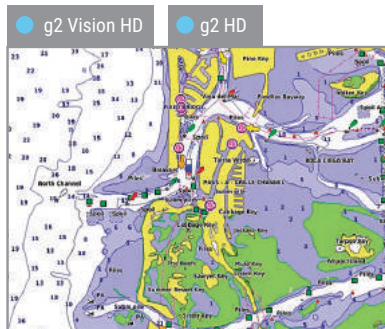

Les cartes BlueChart HD intègrent des cartes de pêche avec courbes de profondeur représentées tous les 30 cm pour une lecture des fonds facilitée

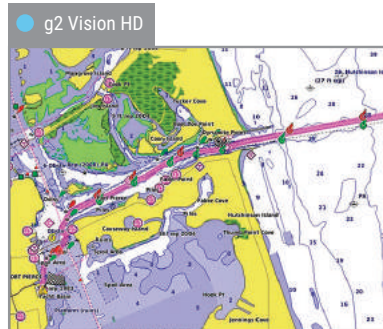

Possibilité de personnaliser jusqu'à 10 zones pour visualiser identiques autour du bateau d'un seul coup d'oeil

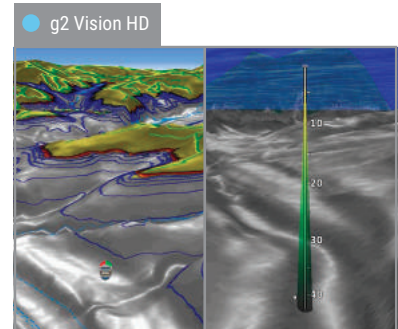

Ombrage des hauts-fonds personnalisables pour naviguer plus sereinement

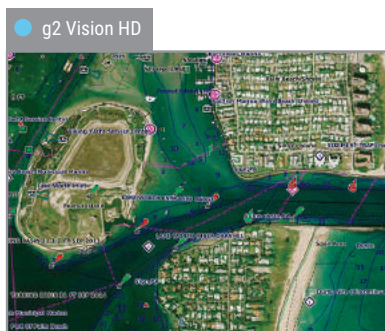

Intègre l'ensemble des aides à la navigation : points de sondes, courbes bathymétriques, secteurs de feu, balisage, informations marées, plans des ports et des marinas

La technologie brevetée Auto Guidage de Garmin calcule automatiquement la meilleure route à suivre pour atteindre votre destination

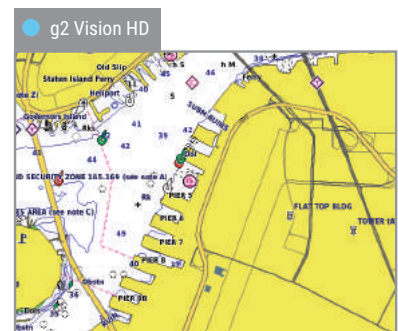

Vues 3D aérienne et sous-marine pour une vue en perspective des données cartographiques au-dessus et en dessous de la ligne de flottaison

Imagerie satellite haute résolution en superposition des informations de navigation pour vous aider à vous repérer sur l'eau

Grâce aux photos aériennes haute résolution, visualisez les ports et les marinas depuis le ciel. C'est idéal lorsque vous naviguez dans un endroit que vous ne connaissez pas

Intègre le plan des routes jusqu'à 5 miles à l'intérieur des terres

NEW CHART GUARANTEE

Lorsque vous achetez une carte marine BlueChart g2 HD ou BlueChart g2 Vision HD sur carte microSD, vous bénéficiez automatiquement d'une mise à jour gratuite pour profiter des données cartographiques plus récentes¹. Cette mise à jour s'effectue via ordinateur directement sur le site web Garmin. Cette mise à jour gratuite concerne le même découpage (ou équivalent²) que celui acheté à l'origine.

MISES À JOUR PAYANTES

Pour les clients ayant déjà profité du programme de mise à jour "New Chart Guarantee" ou pour ceux dont le délai d'un an après l'achat de leur carte est dépassé, Garmin propose un service payant de mise à jour des données BlueChart à un tarif préférentiel. Cette mise à jour gratuite concerne le même découpage (ou équivalent²) que celui acheté à l'origine.

¹ Le programme de mise à jour "New Chart Guarantee" est limité à une seule mise à jour par carte. Valable jusqu'à 12 mois après l'achat de la carte.

² Garmin se réserve le droit de modifier les découpages de cartes à tout moment et à sa seule discrétion. L'utilisateur pourra afficher la couverture avant la mise à jour.

APPLICATION ACTIVECAPTAIN™

L'application gratuite 'tout en un' ActiveCaptain™ crée une connexion simple et puissante entre votre appareil mobile compatible et votre traceur, vos cartes et la communauté Garmin pour vivre l'expérience ultime de la plaisance connectée. Où que vous soyez, gardez vos données cartographiques auprès de vous, achetez de nouvelles cartes et accédez à la communauté Quickdraw™ Contours.

Connectez-vous à la communauté ActiveCaptain pour profiter de commentaires actualisés sur les ports et d'autres points d'intérêt. Restez connecté avec votre entourage grâce aux Smart Notifications qui s'affichent directement sur votre écran. Planifiez votre route, repérez un lac avant une compétition pour qu'ActiveCaptain se synchronise automatiquement avec votre traceur de cartes. Enfin, avec ActiveCaptain, visualisez l'écran de votre traceur de carte et prenez-en le contrôle à distance depuis votre smartphone ou de votre tablette.

Fonctionnalités ActiveCaptain

- OneChart™ : accédez à toutes vos données cartographiques et achetez de nouvelles cartes depuis votre appareil mobile
- Affichez les smart notifications (appels entrants, SMS, emails) directement sur l'écran de votre traceur de cartes
- Connectez-vous aux autres plaisanciers de la communauté ActiveCaptain™ pour obtenir des commentaires à jour sur les marinas et autres points d'intérêt
- Créez, sauvegardez et transférez vos routes et vos waypoints entre l'application et le traceur de cartes – sans avoir à toucher le moindre bouton¹
- Téléchargez aisément et rapidement des cartes bathymétriques détaillées vers/ depuis la communauté Quickdraw™ Contours de Garmin
- Téléchargez les dernières mises à jour disponibles pour votre installation électronique via votre smartphone
- Visualisez et contrôlez votre traceur de carte à distance depuis votre smartphone ou tablette

¹La fonction de transfert automatique sans aucune manipulation de l'écran s'applique uniquement aux appareils de la série GPSMAP®

COMMENT LIRE LE CODE D'IDENTIFICATION ?

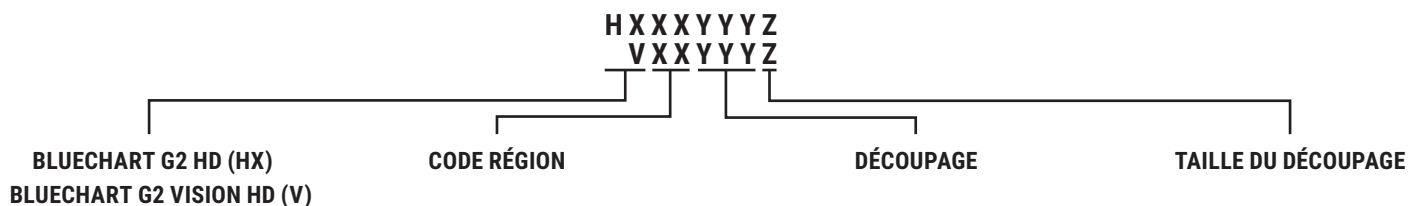

CODE RÉGION (XX) :

AE = Est de l'Asie (Japan, China, Indonesia, etc.)
 AW = Ouest de l'Asie
 AF = Afrique
 CA = Canada

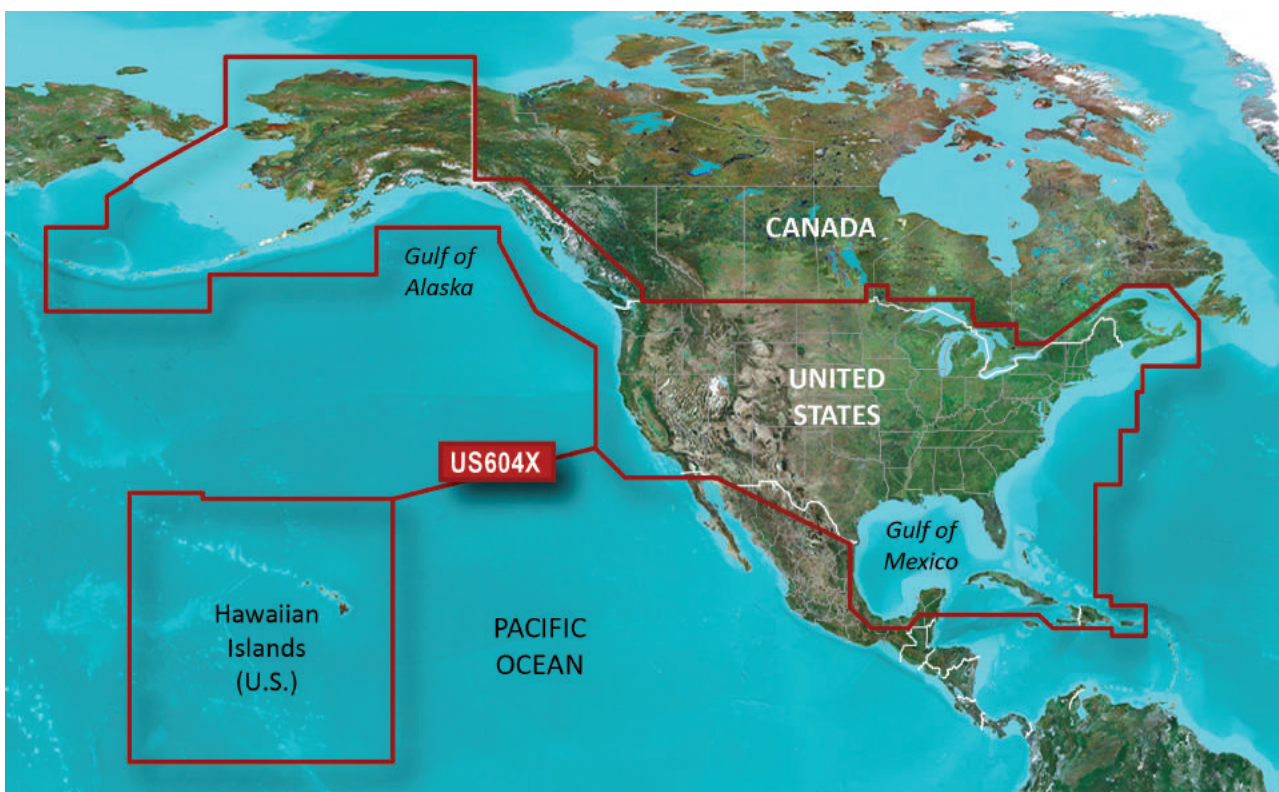

EU = Europe (dont zone Méditerranée)
 PC = Océan Pacifique (Australie, Nouvelle-Zélande, etc.)
 SA = Amérique du Sud
 US = Etats-Unis et Caraïbes

TAILLE DU DÉCOUPAGE (Z) :

X = X-Large
 L = Large
 R = Regular
 S = Small
 P = Petite
 F = Pêche

SRTM30_PLUS and SRTM15_PLUS Global Bathymetry and bathymetric contour data courtesy of University of California, San Diego, Scripps Institution of Oceanography, SIO, NOAA, U.S. Navy, NGA, GEBCO, Becker, J. J., D. T. Sandwell, W. H. F. Smith, J. Braud, B. Binder, J. Depner, D. Fabre, J. Factor, S. Ingalls, S-H. Kim, R. Ladner, K. Marks, S. Nelson, A. Pharaoh, G. Sharman, R. Trimmer, J. VonRosenburg, G. Wallace, P. Weatherall, Global Bathymetry and Elevation Data at 30 Arc Seconds Resolution: SRTM30_PLUS, Marine Geodesy, 32:4, 355-371, 2009. Along with Smith, W. H. F., and D. T. Sandwell, Global seafloor topography from satellite altimetry and ship depth soundings, Science, v. 277, p. 1957-1962, 26 Sept., 1997.

**Satellite imagery is included for many BlueChart g2 Vision HD products. BlueChart g2 Vision HD does not contain photos for all products.

HERE road data is included for many BlueChart g2 Vision HD products. Not all products contain road data. © 1987-2016 HERE. All rights reserved. Use of the Map Data is subject to certain restrictions and/or requirements imposed by third party suppliers and/or governmental or regulatory authorities as further set forth at http://corporate.navteq.com/supplier_terms.html.

Additional city point data is courtesy of National Highway Planning Network on behalf of Federal Highway Administration (FHWA), United States Department of Transportation.

WARNING:

No national hydrographic office (HO), State Authority, and their licensors have verified the information in this product or quality assured it, and none accept liability for the accuracy of reproduction or any modifications made thereafter. No national hydrographic office and their licensors make any warranties or representations, express or implied, with respect to this product. No national hydrographic office warrants that the product satisfies national or international regulations regarding the use of the appropriate products for navigation or that it contains the latest hydrographic information available.

WARNING:

All charts are digitized directly from existing government and other official charts and should not be used solely for navigation. Digital charts are intended to be used as an aid to traditional navigational charts, not as a replacement. Only official government charts and notices to mariners contain all information needed for the safety of navigation, and as always, the captain is responsible for their prudent use. A prudent navigator never relies on any single source of navigational information. Garmin strives to provide its customers with the most economical, accurate and up-to-date electronic maps available. However, features are continually changing, so the data may not reflect the latest modifications and/or additions in your area. Garmin makes no warranty as to the accuracy or completeness of the map data.

WARNING:

Some of the information in this product may have been produced, in part or whole, from withdrawn national hydrographic office products. New charts and/or NTM corrections will render this product obsolete and inaccurate.

WARNING:

U.S. National Park Service / Department of the Interior (NPS) property ownership data is compiled from deeds, surveys, and other source data. These are not engineering quality drawings and should be used for administrative purposes only. The National Park Service shall not be held liable for improper or incorrect use of the data described and/or contained herein. These data and related graphics are not legal documents and are not intended to be used as such. The information contained in these data is dynamic and may change over time. The data are not better than the original sources from which they were derived. It is the responsibility of the data user to use the data appropriately and consistent within the limitations of geospatial data in general and these data in particular. The related graphics are intended to aid the data user in acquiring relevant data; it is not appropriate to use the related graphics as data. The National Park Service gives no warranty, expressed or implied, as to the accuracy, reliability, or completeness of these data. It is strongly recommended that these data are directly acquired from an NPS server and not indirectly through other sources which may have changed the data in some way. Although these data have been processed successfully on a computer system at the National Park Service, no warranty expressed or implied is made regarding the utility of the data on another system or for general or scientific purposes, nor shall the act of distribution constitute any such warranty. This disclaimer applies both to individual use of the data and aggregate use with other data. The data is intended for use as a tool for display and general GIS analysis purposes only. It is in no way intended for engineering or legal purposes. The data accuracy is checked against best available sources which may be dated. NPS assumes no liability for use of this data.

WARNING:

The Great Barrier Reef Marine Park Authority ("the Authority") does not check the information in this product and accepts no liability for the accuracy of copying or for any modifications that may have been made to the information which it has supplied. Use of and entry to the Great Barrier Reef Marine Park is controlled by the Great Barrier Reef Marine Park Act 1975 (Cth) ("the Act"). Penalties apply for use of or entry to a zone for a purpose other than for a purpose permitted under the Great Barrier Reef Marine Park Zoning Plan 2003 ("the Zoning Plan") prepared by the Authority pursuant to section 32 of the Act. This product does not contain all information concerning permitted use or entry under the Zoning Plan. For purposes of use of or entry to the Great Barrier Reef Marine Park, this product should only be used in conjunction with the Zoning Plan and the Great Barrier Reef Marine Park Regulations 1983 (Cth). For purposes of navigation, users should consult official navigation charts released by relevant government authorities.

WARNING:

The Department of Transportation does not check the information in this product and the Crown in right of the State of Western Australia accepts no liability for the accuracy of copying or for any modifications that may have been made to the information which it has supplied. Furthermore, the Crown in right of the State of Western Australian does not warrant the accuracy of any information contained in any of its charts, maps or data of whatsoever nature.

WARNING:

The open geographic data is provided 'as is' and the Danish Geodata Agency shall not be liable for content, origin, errors or omissions in the Data and shall not be liable for any loss or damage caused by its use. This product does not meet the requirements of the Charts and Nautical Publications Regulations, 1995 under the Canada Shipping Act, 2001. Charts and publications issued by or on the authority of CHS, must be used to meet the requirements of those regulations.

CAUTION:

The bathymetric reactions contained in this product have been carried out with the standards in force at the time of their publication. No verification and / or validation by the Government of Quebec. Assumes no responsibility for the accuracy of the bathymetric data or data included in this product cannot be responsible for the conclusions obtained or damage suffered as a result of the use of this product. Bathymetric data from Quebec provide general representations and structures under the surface of the water. The bathymetric data of Quebec are not suitable for use to surface navigation. It may expect non-mapped obstacles.

DISCLAIMER:

This reproduction, partial or complete, of any National Geospatial-Intelligence Agency (NGA), National Imagery and Mapping Agency (NIMA) or Defense Mapping Agency (DMA) product, information or data is not approved, authorized or endorsed by the Secretary of Defense, the Director of Central Intelligence, the Director, NGA or any other element of the US Government. The US Government and NGA accept no liability for the accuracy or quality of this reproduction or the use of any NGA, NIMA or DMA products, information or data.

DISCLAIMER:

This information is intended as a general guide to artificial reef sites off the Georgia coast and is not intended for use as a navigational guide for offshore and coastal waters. The Hawaii Artificial Reef data is provided "AS IS" and without warranties of any kind. The information may change without prior notice and may not be the latest update. Users of this data are therefore fully responsible for checking the accuracy, completeness, currency and suitability of content found in this data themselves. TPWD provides the Artificial Reefs Interactive Mapping Application as a public service in support of TPWD's mission to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations. TPWD makes no representation or warranty, express or implied, regarding the accuracy, completeness, currency, or suitability of any information provided herein for any purpose. In consideration for using the Artificial Reefs Interactive Mapping Application all persons thereby release and hold harmless TPWD from and against any and all claims and/or damages that may result from use of the information contained or posted therein.

NOTICE:

Federal and State laws provide for the protection of certain archaeological and other cultural resources, including objects and sites that might be found in lakes and other bodies of water. It is your responsibility to know about and comply with these laws at all times.

NOTICE:

New Chart Guarantee ensures with this purchase you are entitled to the newest charts available. This product may be programmed on a recycled data card.
